**Ref:** Letter from S. Henderson to J. Arango, CONTRACT DE-AC05-06OR23177, Request for Approval to Commission the Upgraded Injector Test Facility (UITF) Accelerator, dated November 26, 2019

The Thomas Jefferson Site Office (TJSO) has reviewed the referenced letter and supporting documentation, as well as oversight observations of the preparations for accelerator commissioning and the Accelerator Readiness Review. This approval now allows the Laboratory to move forward with its Commissioning Plan and authorization of electron beam to the UITF. If you have any questions pertaining to this please contact Patty Hunt at extension 7039.

Sincerely,

A handwritten signature in black ink that reads "Joseph Arango".
