

Timeline for PAC44 Proposal Reviews

- PAC44 considering run-group and new proposals that use existing beamtime.
- For new parallel-running proposals:
 - An abstract is required that includes a summary of the run conditions and effect on the run-group.
 - The PAC requests the internal review report be submitted with the proposal.
- Schedule (**STRICT!**):
 - Abstracts for all new proposals are due: April 11
 - Proposal due to CLAS reviewers: April 25
 - Response by review committee: May 9
 - Final committee recommendation: May 30
 - Proposals due: **8 am**, Monday, June 6
- Submit proposals to Working Group chairs and copy me.
- Details on submission process:
