

# HV Dividers assembled at OU

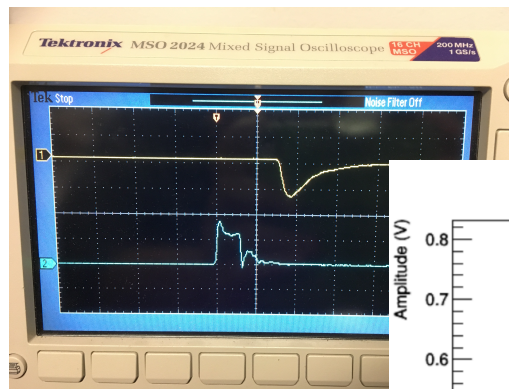

## MRI project

rochej@ohio.edu

- design provided by F. Barbosa and co. in 2018
- 1200 loaded PCB boards bought from Advanced Assembly
- HV dividers assembled and tested at Ohio, so far:
  - 635 bases assembled,
  - 132 tested (2 never worked, one sparked after 15 min)
  - 9 sent to Orsay to be used in their prototype

L. Jones (and W. Eshbaugh not on the photo)

HV= 1100V  
Blue LED  
Rise and Fall time
