

# Status of the NPS calorimeter assembly

## Box onto support frame

- Stacking will be completed by Friday afternoon
- PMT blocks assembly can start now and continue through next week
- Next week: start cabling
- Most likely a few columns will be cabled before the end of next week  
(Orsay group departure)
- Tests can be performed at that time or continue cabling
- Orsay group can return in September to finish cabling or for further tests  
(cooling, electronics, etc)
