

# Jefferson Lab USER ORGANIZATION

The User Organization consists of more than 1,500 scientists, from more than 200 institutions, who pursue research at Jefferson Lab. Everyone pursuing research at Jefferson Lab (including theorists, postdocs and students) is a member of this organization - INCLUDING YOU! Members of the User Organization Board of Directors are your advocates on all matters affecting the efficient conduct of research at Jefferson Lab. The board also works with management to improve your experience while on-site.
