

Agenda for Tritium Target Review

0800-0850 Closed Session

0900-0910 P. Rossi

Welcome and Charge

0910-0930 D. Higinbotham

10 min High level overview of the 4 Physics Experiments

10 min questions

0930-0950 R. Holt

10 min Experimental needs and Target/Experiment Compatibility

10 min questions

0950-1105 D. Meekins

50 min Target Design, includes Cell Design, Vacuum System and Vent/Exhaust

25 min questions

1105-1130 Break

1130-1230 D. Meekins

40 min Failure Modes and Mitigation, includes Response to Recommendation of 2010 Review

20 min questions

1230-1330 Lunch/Executive Session

1330-1600 Executive Session
