

## Snake/Physics Resolution Comparison

Maxime Levillain

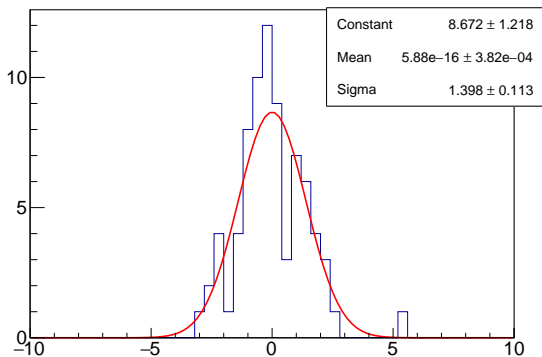

August 18, 2017

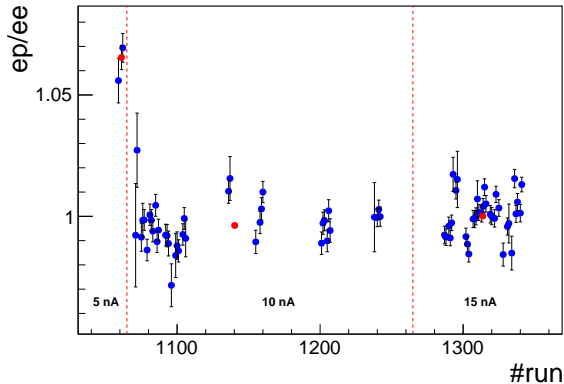

- ▶ integral of ep and ee between 0.8 and 2 degrees

- ▶ integral of ep and ee between 0.8 and 2 degrees

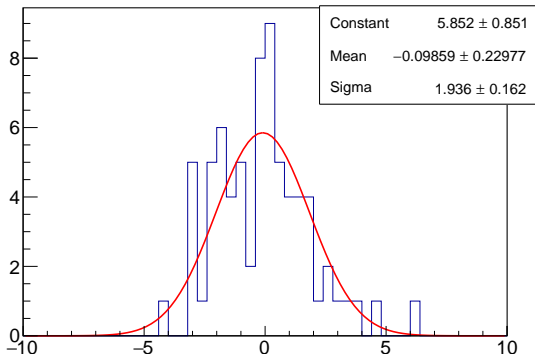

- ▶ integral of ep and ee between 1.3 and 2.8 degrees

- ▶ first two runs not background subtracted (not same luminosity)

- ▶ integral of ep and ee between 1.3 and 2.8 degrees

- ▶ Less stable than 2 GeV
