

JPos17

International Workshop on Positrons at Jefferson Lab

➤ Funding

- ❖ JPos17 received a \$4000 award from JSA (to be spent before end of FY17) effectively launching the preparation of the workshop.

Expenditures			Funding prospects	
Item	Unitary cost (\$ USD)	Total cost (\$ USD)	Source	Amount (\$ USD)
Speaker Support	350	2100	JSA Initiative Funds	4000
Student Support	240	1920	JLab/Deputy Director of Science	3500
Proceedings	3500	3500	Registration fees	2520
Breaks	40	2000	IPN Orsay	1000
Reception	40	2000	JLab/Accelerator Division	500
Total		11520	Total 11520	

Table 1: JPos17 tentative budget.

Budget evaluated for 50 participants, considering 36 of them contributing with a unitary conference fee of \$70.

- ❖ Tentative scheduling : june/july or 12-15 or 19-22 september ?

➤ Committees

- ❖ Organizing Committee : Charles, Eric (Co-Chair), Farida, Joe (Co-Chair), John, Marco, Tony, Vasiliy, Wally, Xiaochao, Yulia
- ❖ Should we elaborate an Advisory Committee ?

➤ Publicizing

- ❖ Should we develop a workshop poster or only use web-based information ?

➤ Organizing

- ❖ Organizing Workshop sessions firstly per positron energy range, and secondly per topical group ?

➤ Positron Working Group operation

Shifting gear...

- ❖ Necessity to regularly communicate about the PWG activity, at least within the PWG mailing list (PWG news letter ?)
- ❖ Necessity to elaborate further the PWG wiki as a showcase of the PWG activity
- ❖ Mandatory requirement to communicate, at minima within the PWG, about any meeting actions of every topical group
- ❖ Necessity to motivate involvement of a larger group of persons
- ❖ Connecting with LHeC and high energy communities
