

# Database for scintillator

Hanjie Liu

# Scintillator size

Old analyzer

read half of full x and  
full y from database

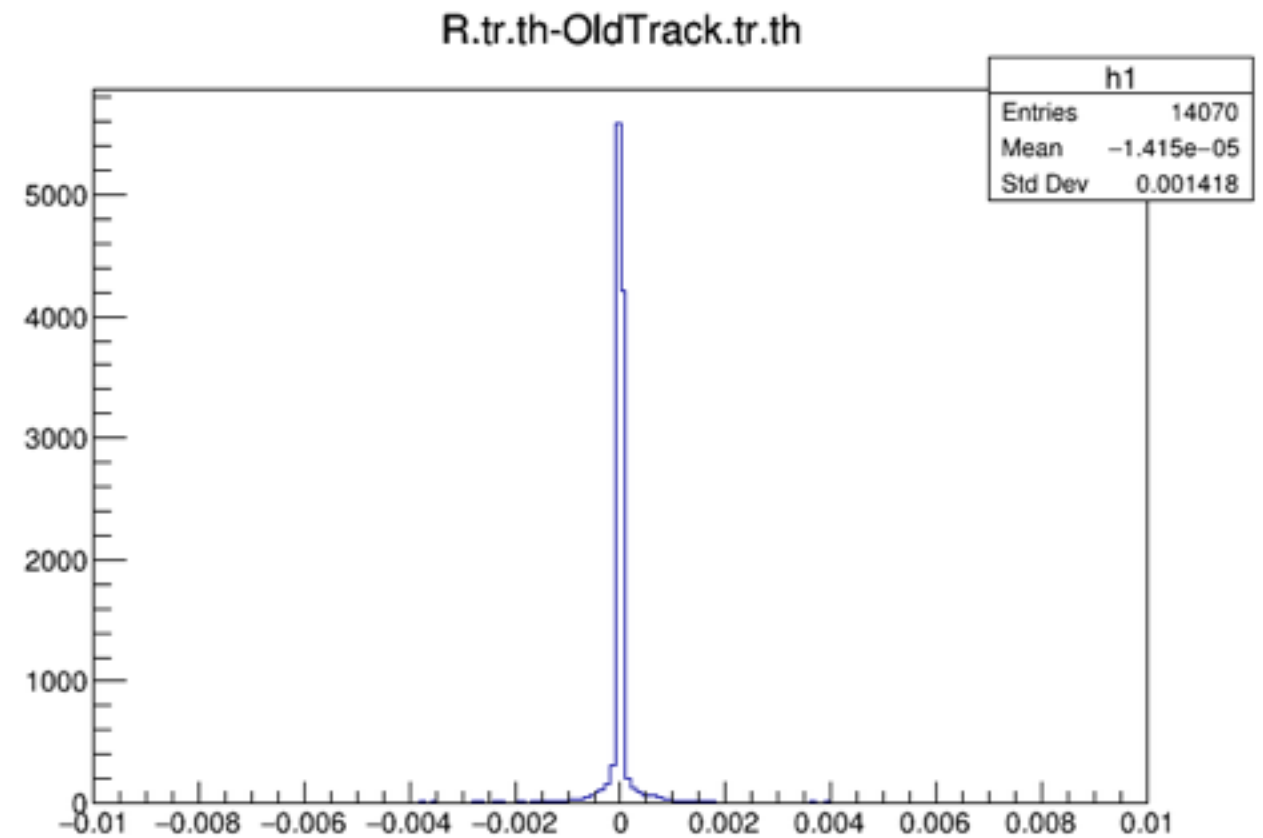

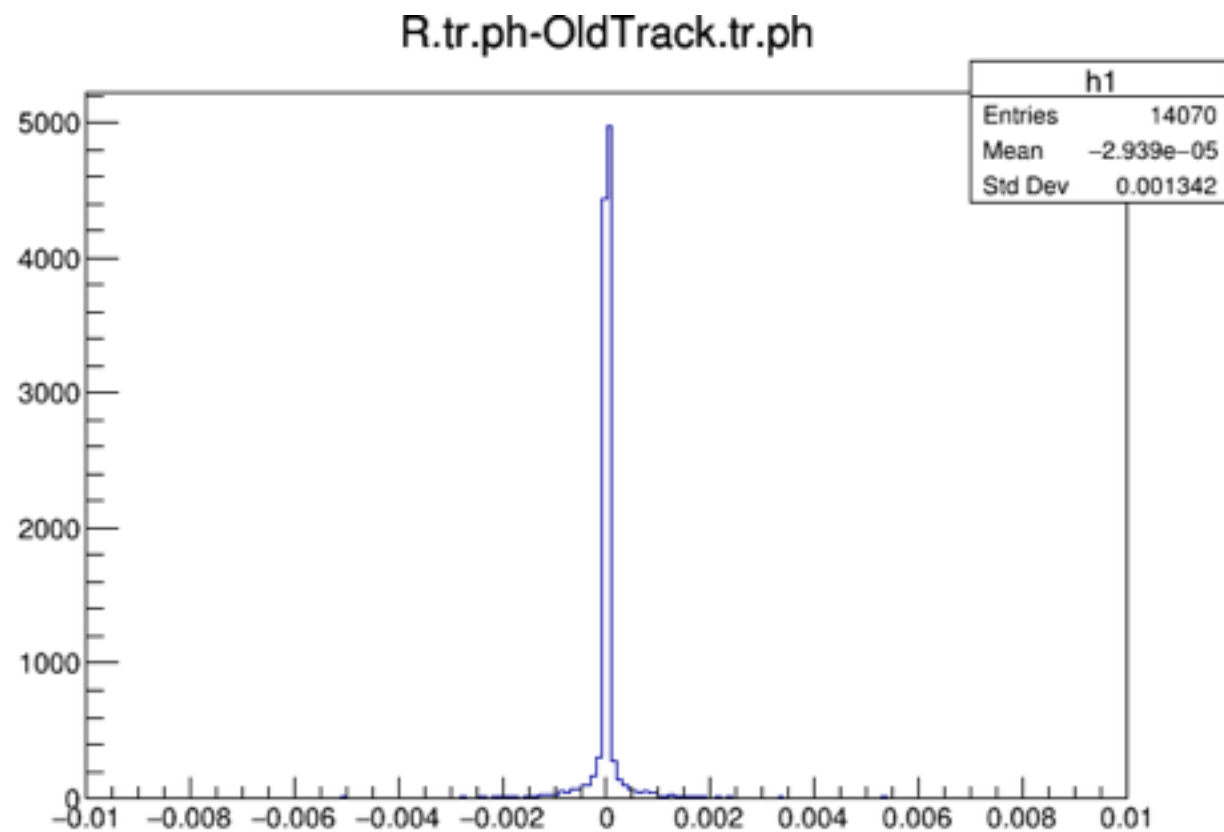

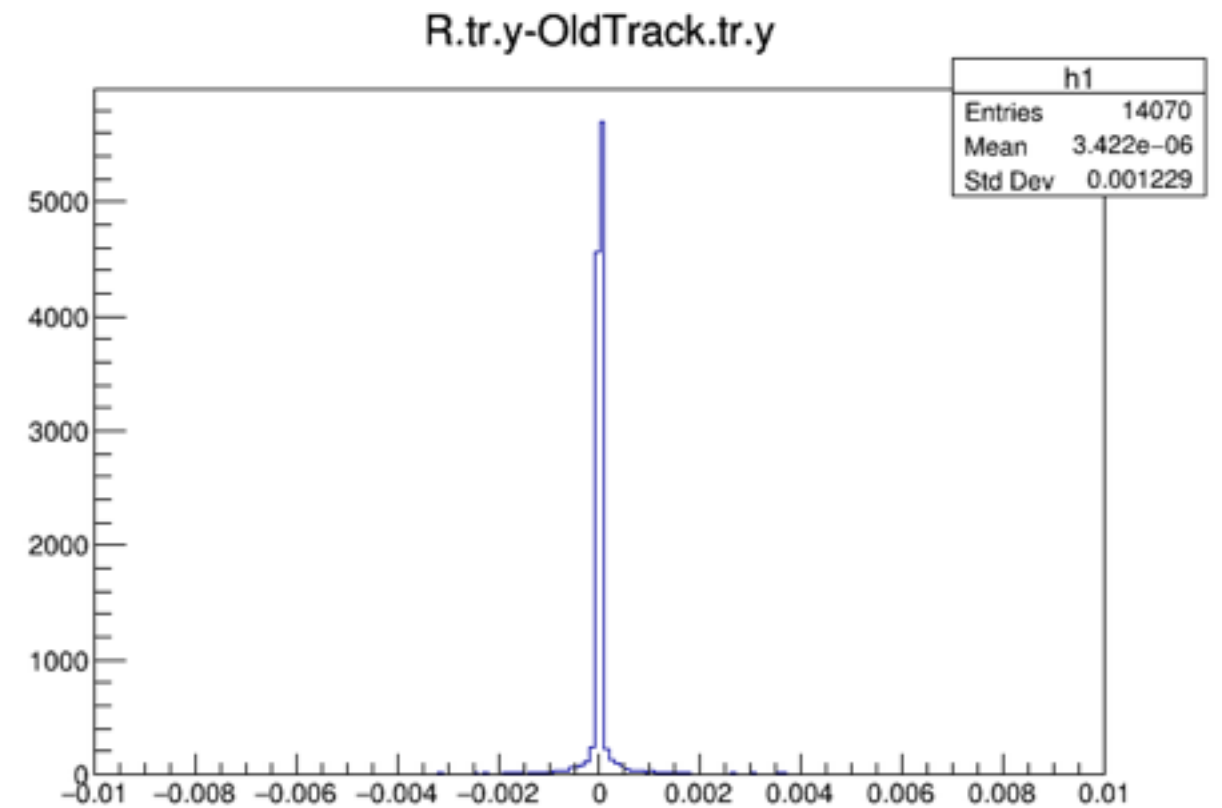

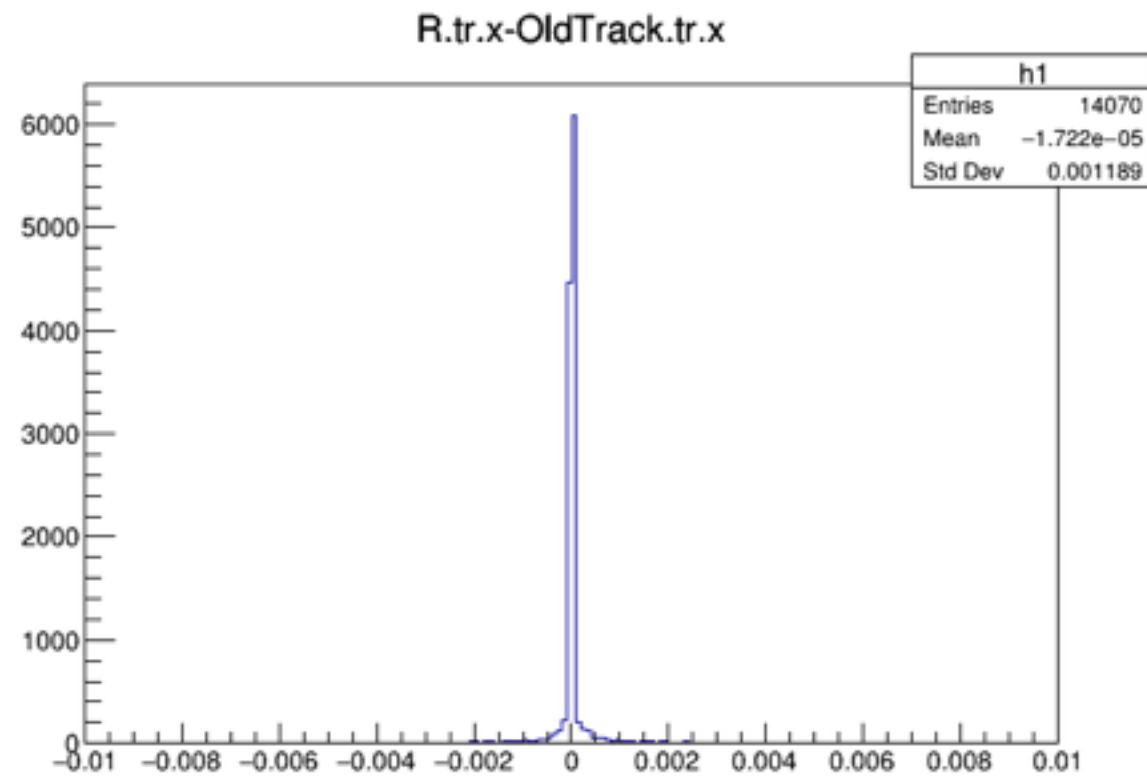

analyzer 1.6

call ReadGeaometry() to read  
size from database. But x and  
y is divided by 2 in this function

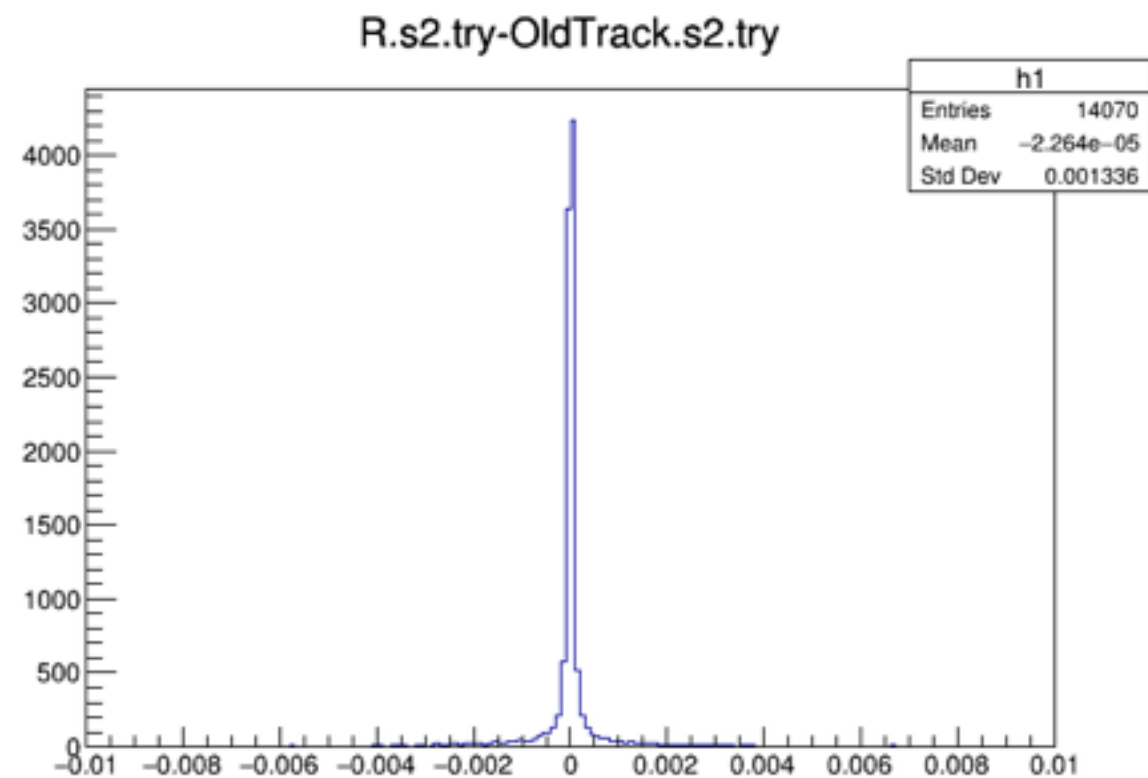

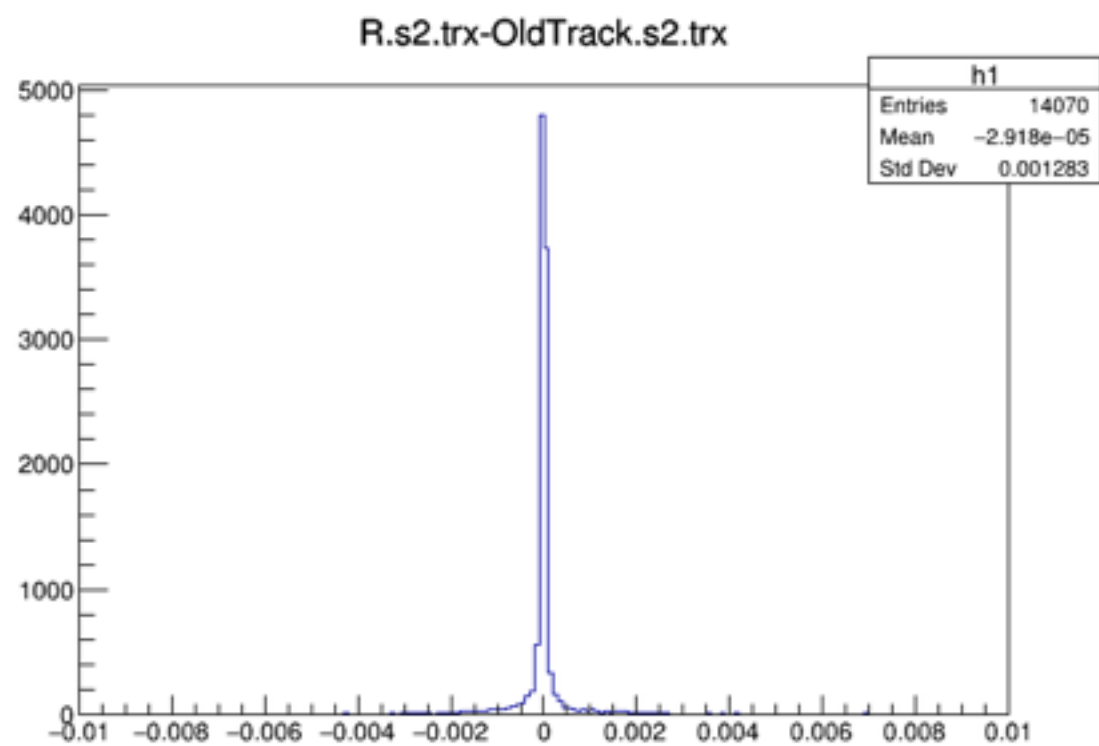

use full x and full y in database

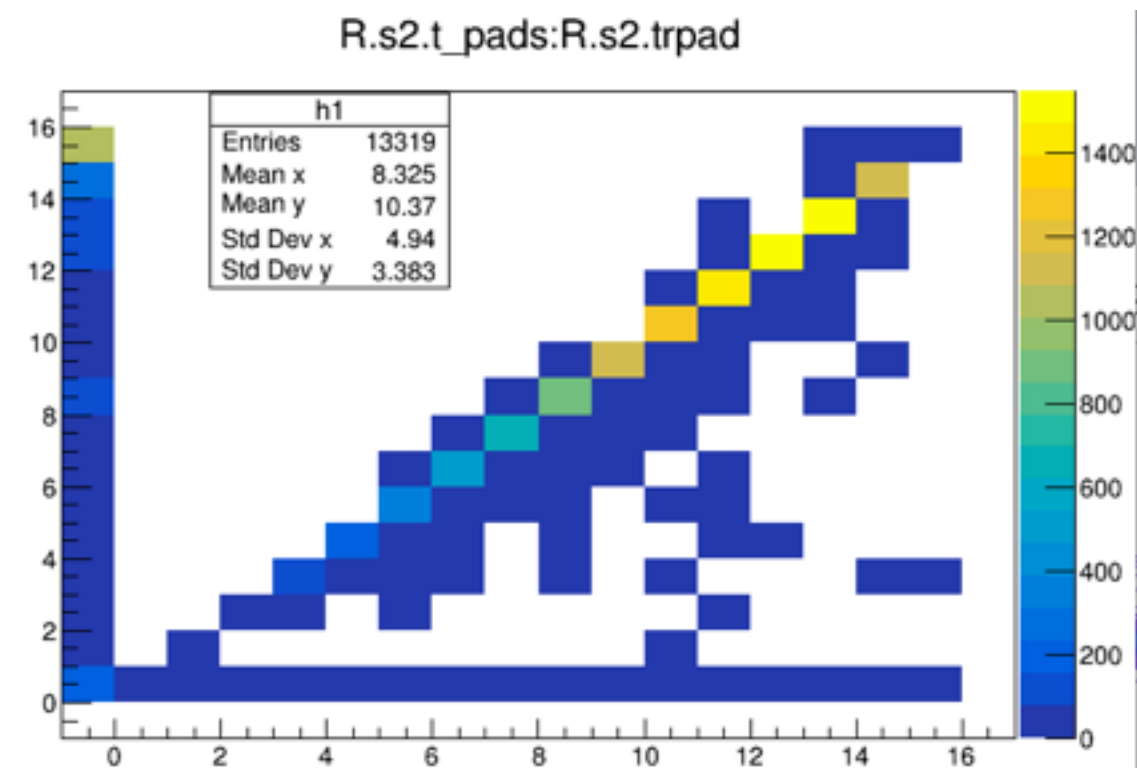

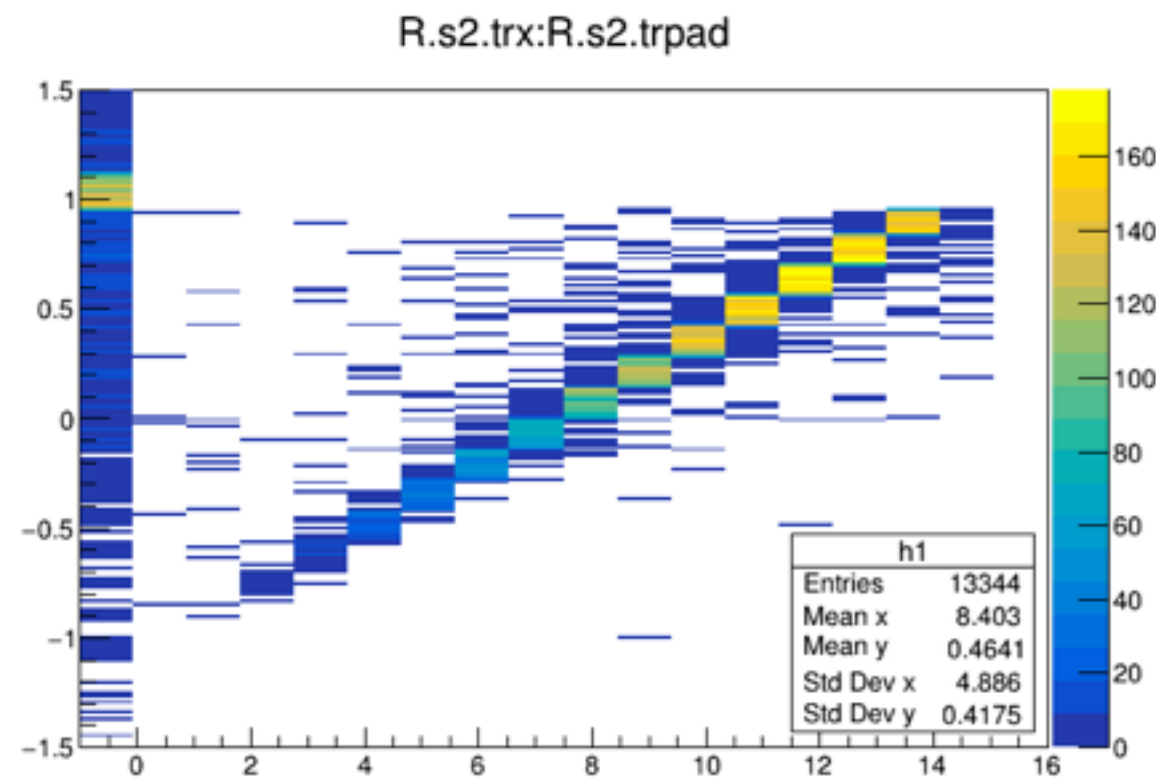

# Focal Plane

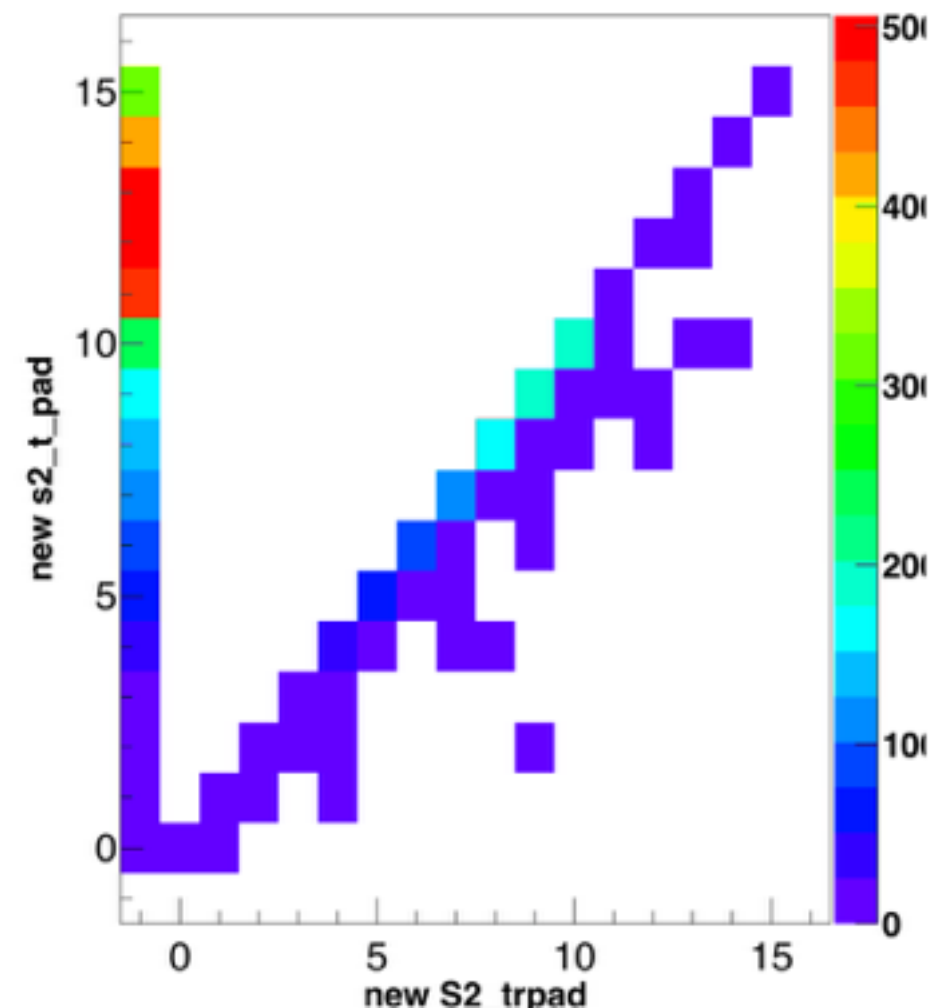

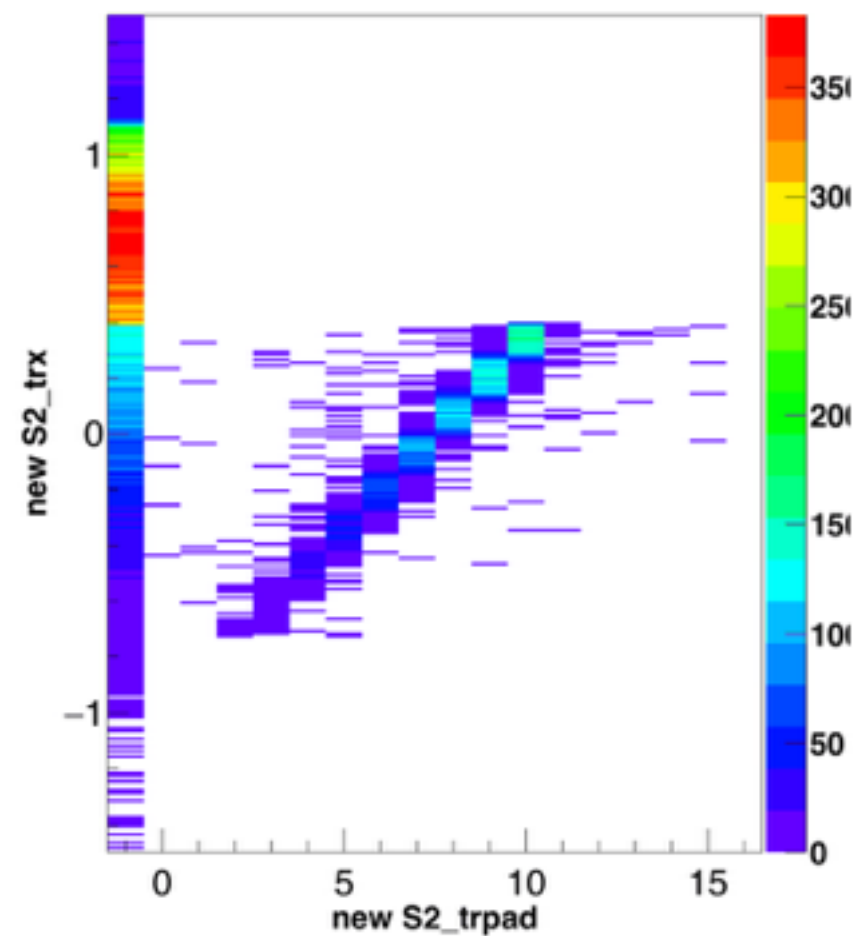

# Detector Plane

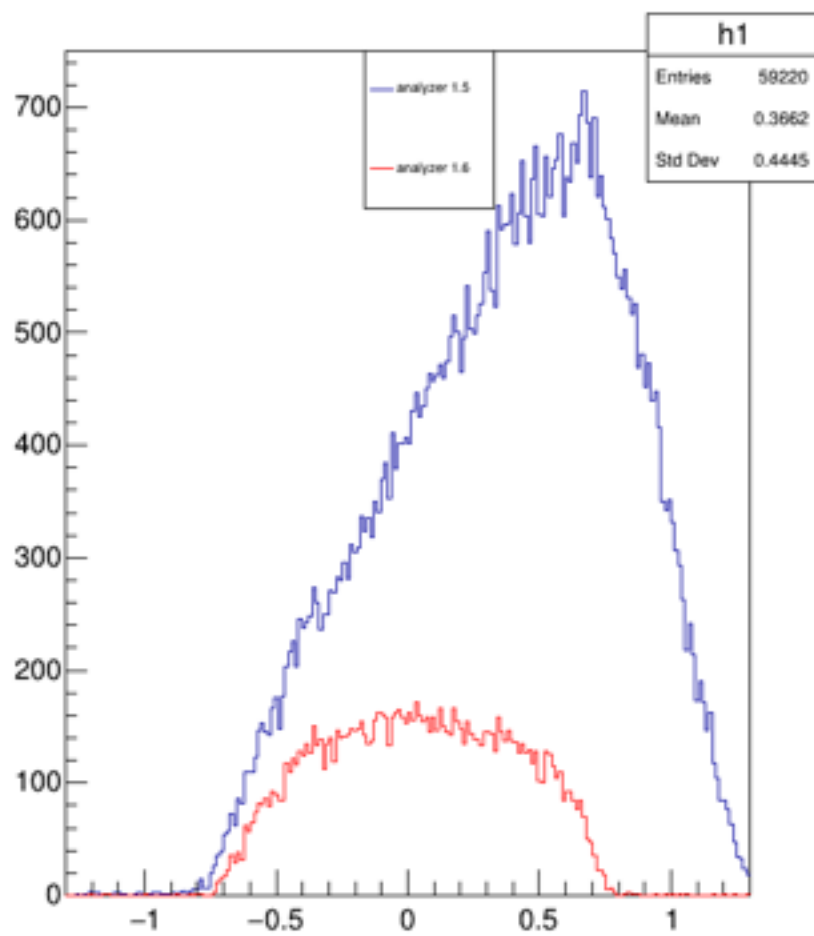

correct s2 size

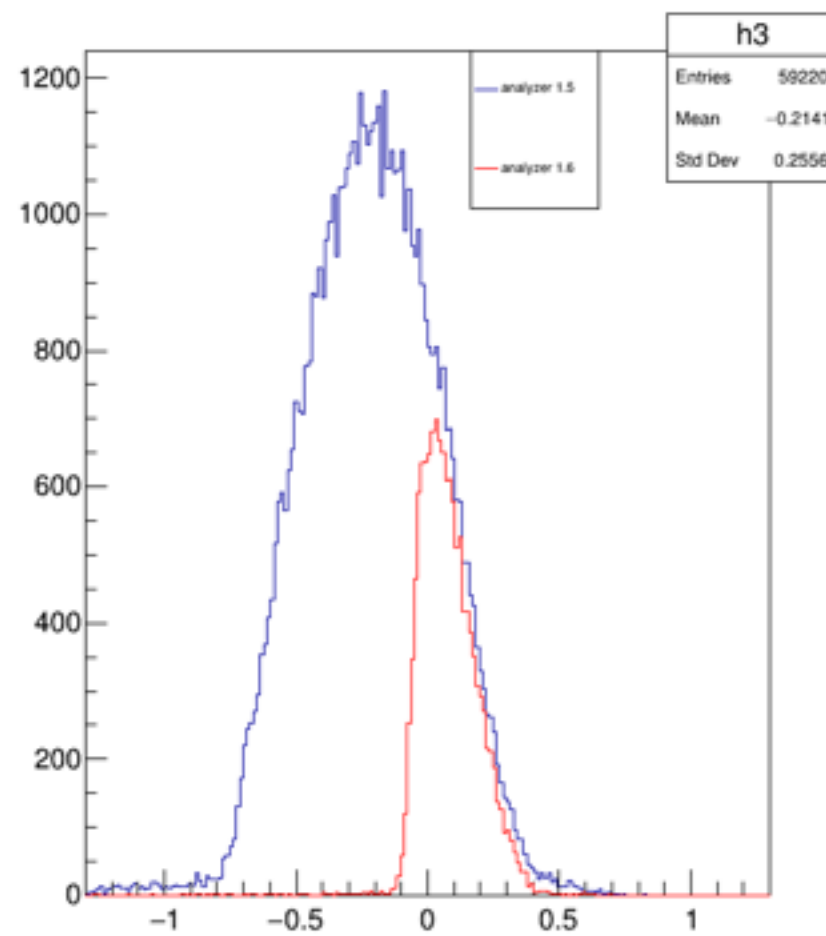

wrong s2 size (plots from Tong)

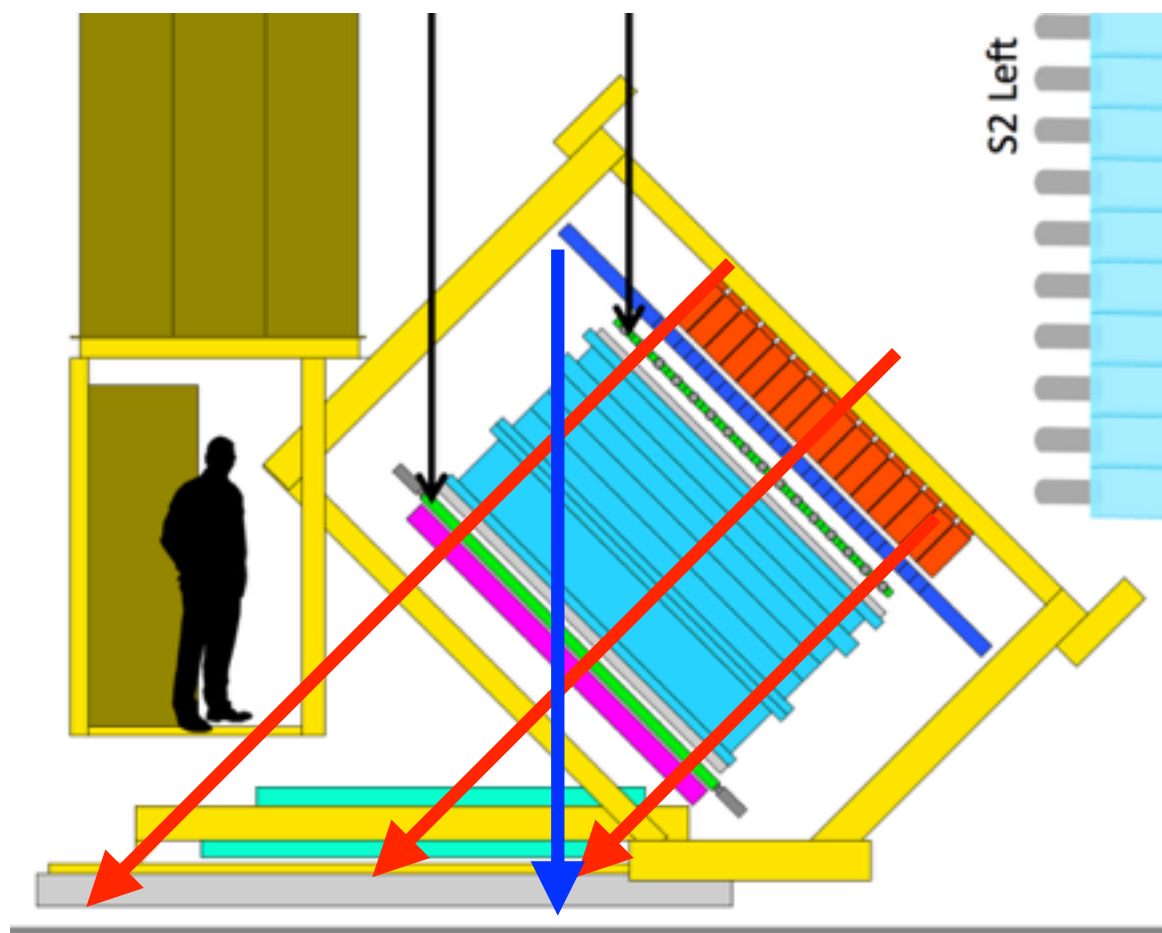

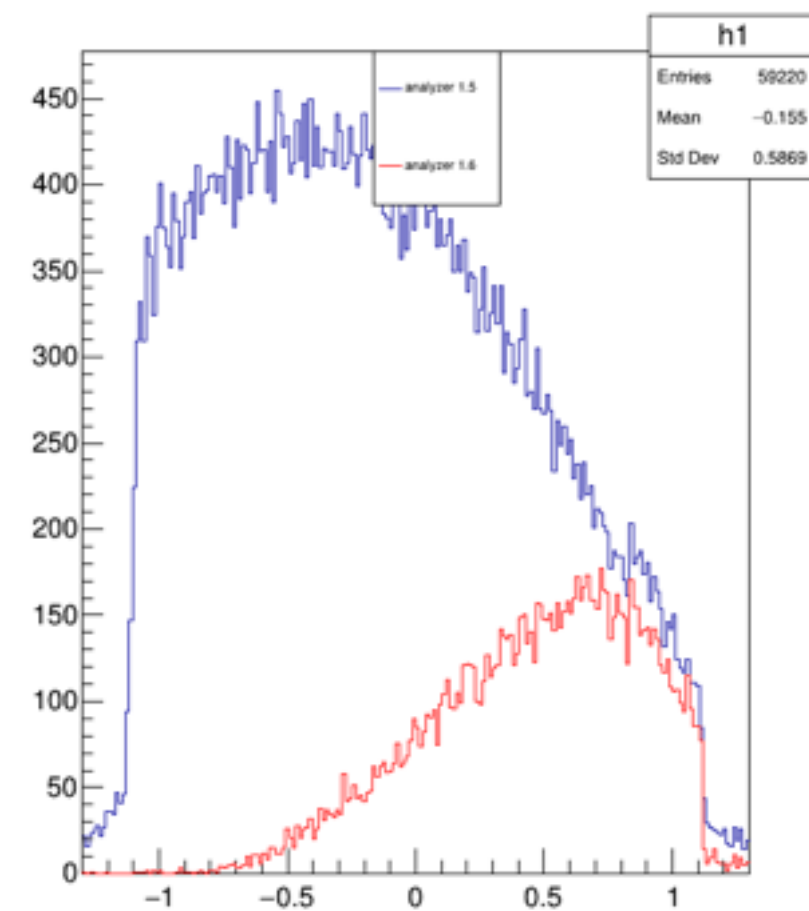

tr.x

tr.th

s2.trx

plot from Rey, Jason
